Ft. Reno, Okla., Nov. 20.—The order
from Washington, to hold in abeyance
the order discharging the negro troops
without honor did not come as a com-

men who have watched the extent of
the public feeling against the dis-

investigation was made. It is be-

By Associated Press.
New York, Nov. 20.—Daniel Barkan-
a Patterson, N. J., cotton broker, who
was one of the party of four in the
automobile in which Tom Cooper, the
bicyclist and automobilist, was killed
in Central park last night died today.
Miss Helen Lambert, another member
of the party, who also was seriously
injured, is in a critical condition and
is not expected to live through the
day. The fourth member of the party
a young woman who gave her name
as Virginia Vernon, and said her home
is in Jersey City has a broken leg and
is suffering from the shock. It is be-
lieved that she will recover.

A new story of the accident was
told by Miss Lambert. She said that
the collision was due to Cooper's sud-
denly turning out to avoid a collision
with a cab in the roadway. He was
compelled to swing far to the left and
had safely passed the car when the
headlights of a stalled auto loomed up
scarcely more than 100 feet away.
Cooper could not check his speed and
in an instant later crashed into the
stalled car. Miss Lambert said the
auto party was returning from a visit
to a Harlem road house. Just before
they entered the car for the ride
through the park Cooper said to his
friends:

"Now I'll give you the fastest ride
of your life." Five minutes later
Cooper was dead. His companions
were lying unconscious in the park
and the big machine in which they
rode was a wreck.

By Associated Press.
New York, Nov. 20.—The Brother-
hood of Locomotive Engineers whose
representatives have been in almost
continuous session at the Broadway
Central hotel since October 20th pre-
paring demands for increases of
wages on all the great trunk lines of
the east, will probably wind up their
session this week. There were sev-
eral conferences yesterday between
the engineers' board of adjustment
and officials of the New York Central.
It was stated last night that there
was nothing to give out but that an
agreement between the company and
its 2400 engineers was near at hand
was generally admitted. This was
said to be true of the New York, New
Haven and Hartford Railroad.
The agreement is said to be an ac-
ceptance by the company of the mile-
age basis system instead of the per
diem system now generally in oper-
ation in the Central and New Haven
lines.
It was said that the agreement
might be signed today.
Grand Treasurer Printer, of Cleve-
land, joined Assistant Grand Chief
Hurley and the engineers in their
conference. He reported that all the
great railway systems in the west
were gradually falling into line and
granting increases amounting in most
cases to 10 per cent. It said that all of
the lines of the Union Pacific line em-
bracing many thousands of engineers,
firemen and trainmen, were about to
adopt schedules satisfactory to the
men.

Albany, Nov. 20.—The appellate di-
vision, third department, this morn-
ing handed down two decisions in the
case of Mary S. Young, of Saratoga,
against the Equitable Life Association
Assurance Society of the United
States, and its directors individually.
The effect of the decision is to allow
the appeal of the defendant to go to
the court of appeals on questions of
law. The court affirms the interlocu-
tory judgment of the court granted to Mrs.
Young, and certifies three questions
to be submitted to the highest court
for decision, namely:
"Does the complaint in each case
state facts sufficient to constitute a
cause of action?"
"Are the causes of action improper-
ly joined in the complaint?"
"Is there a misjoinder of the party's
plaintiff?"
The last question refers to Mrs.
Young having made herself plaintiff
in her own behalf and in behalf of
"all others similarly situated."

CLOUD BURST

Makes City of Louisville Tremble.

Culmination of the Persistent Storms of Past Few Days.

AN ELECTRICAL STORM

Badly Demoralized the Telegraph and Telephone Services.

Flood Situation in Vicinity of Memphis is Becoming Serious.

By Associated Press.

Louisville, Ky., Nov. 20.—The persistent rain fall of the last few days culminated today in an electrical storm and cloud burst that made the city tremble. Trees were struck by lightning, the telephone systems of the city were much disorganized and telegraph facilities in all directions were impaired. Streets in many sections of the city resembled lakes and it was impossible for pedestrians to move about without wading knee deep in water. Basements were flooded and stocks in several retail establishments were damaged to an aggregate of about \$50,000.

The rain fall in Louisville since Sunday has been six inches and at Memphis, Tenn., it has been ten and one-quarter inches. Nearly all trains from the south are arriving in Louisville from one to sixteen hours late.

The formation of the present disturbances which has caused such widespread damage from floods over the Ohio valley, western Tennessee and Arkansas is such as to present a remarkable contrast in temperatures east and west of the Mississippi river. To the east of the river the temperatures range, this morning, from 50 to 72, while west it is mostly freezing or below, thermometers in Minnesota and the Dakotas register from zero to ten below. In northern Texas the temperature is 22 and New Orleans reported 80 at 10:30 this morning. Snow is reported over the Missouri valley, Kansas and Oklahoma and sleet and rain in Missouri, while, there is a continuation of rain over the Ohio valley, Arkansas and southward to the Gulf.

Serious in Tennessee. Memphis, Tenn., Nov. 20.—With the rain still falling at times reaching a down pour, the situation in this section of the state becomes more and more serious. It is estimated that already the flood losses will approximate a quarter of million of dollars in Shelby county.

The following is given as some of the damage done in Shelby county alone:

Fourteen county bridges and nine miles of levee destroyed entailing a loss estimated at \$100,000.

Ten thousand saw logs worth approximately \$10,000 swept from their moorings in Wolfe river.

Railroad traffic generally impeded and practically suspended on several

Johns taking Herpicide on Account of its Distinctiveness.

The fact that we have used Newberr's Herpicide for it on the highest of dandruff and also for its effect as a general hair dressing. It makes the scalp feel fresh and it allays itching which dandruff will cause. Newberr's Herpicide effectively cures dandruff. The same germ causes hair to fall out and later baldness; in killing it, Herpicide stops falling hair and prevents loss. It is also an ideal hair dressing for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich.

These certain lines are receiving no perishable freight for shipment. The heavy down pour of rain and rising waters make it impossible for wrecking crews to rescue the bodies of the Nonconah trestle victims who lost their lives Sunday night. All mails are suspended and rural free delivery routes are suspended.

The streets of Memphis suffered great damage by flood and danger signals are placed on many thoroughfares. A levee camp and outfit were destroyed with a loss of \$25,000.

Railroad conditions today continue about as they were last night, with no immediate prospect of a resumption of traffic. Railroad officials say the storm is the worst ever experienced in this section of the country. The Louisville and Nashville is handling the Southern railway passenger business to Chattanooga and the Nashville, Chattanooga and St. Louis via McKenzie and Humboldt. Water is over the tracks of the Illinois Central at Jackson. Trains on the Frisco Iron Mountain and Cotton belt are all behind schedule time.

HEART ACHES.

(Continued from Page One.)

I hope you have had a nice time. This is the last letter I can write, dear. I feel as though you were not coming, dear, perhaps that is not right, but I can't help feeling that I am never going to see you again. How I wish this was Monday. I am going down and stay with Maude next Saturday night, dear and then go to Deeruyter the next morning and will get there about ten o'clock. If you take the 9:45 train from the Lehigh there you will get there about eleven.

"I have been bidding good bye to some places, today. There are so many nooks, dear, and all of them so dear to me. I have lived here nearly all my life. First I said good bye to the spring house with its great mass of green moss, then the apple tree where we had our play house, then the 'Bee hive', a cute little house in the orchard and of course all the neighbors that have mended my dresses from a little tot up."

Oh, dear, don't you realize what all this is to me. I know I shall never see any of them again. And mamma—great Heaven—how I do love mamma.

"I don't know what I will do without her. She is never cross and she always helps me so much. Sometimes I think if I could tell mamma but I can't. She has trouble enough as it is and I couldn't break her heart like that. If I come back dead perhaps if she does know she won't be angry with me. I will never be happy again, dear. I miss you and want to see you but I wish I could die.

"Please think, dear, that I had to give up a whole summer's pleasure and you surely will be brave enough to give up one evening for me. I shall expect and look for you Monday forenoon.

"Heaven bless you until then, lovingly and with kisses.

PECULIAR ACT OF TOWN TREASURER.

East Hampton, Conn., Nov. 20.—After a mysterious absence of eight weeks from his home, during a large part of which time his mind has been a blank, he says, Willis Hall, town clerk and treasurer of Marlborough, was brought back by his wife and brother-in-law, Frank Ryan. Eight weeks ago Mr. Hall left his home saying he was going to the pasture to attend to his stock.

The following day his team was found in a livery stable at Williamstown, and in it were a few of his farming implements. Search was made for two weeks, but nothing was heard of the missing man. Finally Mrs. Hall got a letter from George Smith, a farmer living in Melrose, Mass., saying that her husband was working on his farm. Mrs. Hall left at once with her brother for the Melrose farm.

Mr. Hall applied for work at the Smith farm about three weeks ago. He had a faint remembrance of leaving his horse and wagon in some livery stable, but did not know whether it was in Providence or Williamstown. That he has suffered great hardships is evident from his appearance.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold Cure and Throat and Lung healer. Guaranteed by H. F. Vorkamp, druggist, 50c and \$1. meeting, after Akerman had been travel-
ing and wrestling in three states dur-
ing a period of ten days and had re-
turned home in need of rest, wrestled
127 minutes and neither was able to
secure a fall. At a more recent meet-
ing they wrestled about fifty minutes
and were both disqualified for fouling,
neither being able to secure a pin fall.

Those contests were at catch weights,
Akerman weighing between 140 and
141 pounds and Bartl, according to his
own statement, weighing 153 pounds.

After the two try outs does it now ap-
pear reasonable to suppose that Bartl
could throw Akerman twice in 90
minutes? It is not more reasonable
to believe that neither of these men

can win at catch weights in 90 min-
utes? Any follower of the game who
has seen the two wrestle would an-
swer yes to that question.

Then what is the object of Bartl's
challenge?

It means that Bartl's manager is try-
ing to delude the public into the
belief that he was putting up a side
bet of five hundred dollars when in
fact there was not a cent posted by
him. Neither man being able to win
in ninety minutes the contest would
have to be declared a draw again, the
spectators go home dissatisfied.

What would Bartl and his manager
gain by that?

A contest between Bartl and Akerman
would be the greatest drawing
card the wrestling game could produce
in Lima and after the ninety-minute
contest would terminate without a fall
there would be some very heavy gate
receipts which Bartl's manager pro-
poses to divide. Akerman and his
manager flatly refuse to have any con-
test misrepresented to the public. The
terms must be in fact as they are pre-
sented to the public. To save one
thousand on the mat and then make a dif-

ferent agreement in private is not the
way Akerman or his manager propose
to promote the sport in Lima. If there
is a five hundred dollar side bet pro-
posed on the mat the five hundred dol-
lar side bet must be posted and it must
be posted with terms that the public
shall know as much about as the
wrestlers and managers.

And Three Straightforward Proposi-
tions Made by the Local Man.

Knowing what the real meaning of
Bartl's 90 minute proposition was,
Akerman refused to accept it and of-
fered the three following propositions
which were backed up with two hun-
dred dollars of real money which was
placed in the hands of referee Dr.
Jones.

"Akerman agrees to wrestle Bartl
at catch weights, accepting the lat-
ter's challenge in which Bartl, at
catch weights, agrees to attempt to
throw Akerman twice in ninety min-
utes; each man to wage \$500, and
contest to be held in private. Real
money must be posted and match held
in private so that the public's money
will not be taken again for an unfinished
contest.

"Akerman agrees to wrestle Bartl
at 140 pounds or under in public, for
entire gate receipts and side bet of
any amount for \$100 to \$1,000; it
being understood, however, that if
Bartl cannot post money for side bet,
men may wrestle for entire gate re-
ceipts alone.

"Akerman agrees to wrestle Bartl
at 145 pounds or under, for better-
weight champion title, entire gate re-
ceipts and side bet same as in fore-
going clause."

Mrs. Sadie Lichter, of Green-

It was reported this morning that

Ottawa last evening.

A. F. Burk, the undertaker, has re-

south side lady.

The Ladies Missionary Society, of
the south side Baptist church will
meet with Mrs. R. P. Ransom, at 2:30
o'clock, Wednesday afternoon.

Children are making a playhouse
of the Kibby corner transfer station;
have lifted the lid which covers the
opening to the band stand, thus al-
lowing wind, snow and rain free ac-
cess to the room below, and last even-
ing a little girl from east Second
street had opened the police call box
and was making an examination of the
mechanical arrangements therein.

Where she obtained the key, or what
business she had fooling with the call
box is a mystery of those who wit-
nessed her actions. Then, too, there
has never been a glass placed in the
door since the "small boy" shattered
the one. Altogether, the place is a
disagreeable one, instead of being a
blessing for which it was intended,
and which it would be if kept in
proper repair. But first, an example
should be made of the loiterers.

Miss Anna Kendrick, of south Main
street, was surprised last evening,
upon her return from the theatre, to
find that a number of her friends had
gathered at her home to remind her
of her sixteenth birthday. Games such
as are enjoyed by the young folks
were played until a late hour, after
which a delicious lunch was served by
Jennie Kendrick and Nellie Tucker.

Those present were Henry Edmonds,
Chas. Meyers, Frank Duff, Freddie
Kendrick, Dale Nee, James Rambo
and Thomas Kendrick.

Biliousness and Constipation.

For years I was troubled with bil-

life miserable for me. My appetite
failed me. I lost my usual force and

A Methodist Minister Recommends
Chamberlain's Cough Remedy.

We have used Chamberlain's
Cough Remedy in our home for seven
years, and it has always proved to be
a reliable remedy. We have found
that it would do more than the man-
ufacturers claim for it. It is especially
good for croup and whooping
cough.

The boy of today, in his untimely
moments, should remember that he

it every night after school.

The attendance in all departments
is increasing. Thirty new students
have been added to the roll in the
past week, and more are coming in
this week.

Hon. I. S. Motter, dean of the Col-
lege of Law, gave a most scholarly
and interesting lecture this morning
before the law students and others in-
terested, upon "Criminal Law." This
lecture was most highly commented
upon by the faculty and students. Mr.
Motter is a thorough teacher.

President C. C. Miller has just re-
turned from a week's lecture work in
Pennsylvania.

The second number of the College
Lecture course will be given Tuesday

A RISING VOTE

Of Thanks Tendered the Service Board

For Its Excellent Work in Installing Generating Plant.

MEMBERS OF COUNCIL

Gave an Expression of Approval at Their Session Last Night.

Mayor's Veto of Franchise Ordinance Tabled For Future Disposal.

The city council held a brief session last evening and disposed of a small amount of routine business before adjourning. The most important matter of the session was the clerk's report of Mayor Robb's veto of the Bellefontaine avenue franchise ordinance, which has previously been published in full.

Mr. Craig moved to place the report of the veto on the table, whereupon Mr. Collins contended that no such action was necessary. He appealed to the solicitor asking as to the legality of any such action, and the solicitor replied that the motion of Mr. Craig was not a proper one. Mr. Odell, however, declared that he did not care anything about the legality question, but wanted the mayor's veto report tabled in order that the council could take it up at some future session and dispose of it otherwise. The motion was carried, all members voting for it except Mr. Collins.

A resolution allowing the claims of the newspapers for publishing legal matters was adopted.

The Board of Public Safety presented a resolution authorizing them to buy a lot on west High street, near Cole street, for a fire department building, for \$650. As the money was in the treasury to the credit of the board, the council adopted the resolution, and it may not be long before the west end will be given fire protection.

A communication from the board of public service reported the installation and operation of the electric power plant at the main water works station and called attention to the fact that this improvement will save approximately \$6,800 per year to the taxpayers of the city.

On motion by Mr. Odell the report was received and filed and the board was tendered a rising vote of thanks for its excellent work. The vote was unanimous.

LIMA CLUB

Adopted Resolutions on the Death of John O'Brien.

The Lima club, at a meeting last night, adopted the following:

Resolved, That we deeply regret the demise of our beloved associate, John O'Brien, and extend our sincere sympathy to his bereaved family.

Seldom has it been our pleasure to see a man so grow and develop his great mentality and personal integrity as has been our experience with our friend, John O'Brien.

Called to a position formerly filled by one who had the strongest possible hold on our affections, it was no easy task to assume the position held by John O'Brien, and modest living in the memory of his predecessor, regardless of his footsteps and the details that had made him great, John O'Brien found his place in our hearts.

True, honest, home-loving, he still had a warm spot for the young man and so was a friend of our club. Lima Club has lost a tower of strength and insofar as may be, we beg to share the loss of those who best loved him and give our assurance of a sympathy heartfelt and sincere.

Resolved, That the above be spread on the minutes of the club and a copy be mailed to Mrs. O'Brien.

fontaine Avenue Has a Hearing.

Should the city of Lima bow down in humble submission to the Schoepf syndicate and give them Bellefontaine avenue as a present? Let us look at the conditions. This syndicate owns three lines of interurban traction railway almost ready for operation into the city. They want a double track outlet and also an inlet for other lines recently acquired which enter the town of Bellefontaine. The country passed through between Lima and Bellefontaine is not supplied with steam railroads and necessarily in addition to passenger traffic they will be offered a large amount of freight. The people in that region will not object to their road being irregular. A few individual issues moved widely, but the general range was narrow. Illinois Central rose 3, St. Paul and Louisville and Nashville 1 1/2; National Railroad of New Mexico preferred 1, and New York Central, and Manhattan large fractions. Chicago Grain Markets.

Chicago, Nov. 20.—Wheat opened firm today on a good demand by commission houses. The receipts, in the northwest were small and this was the chief reason for the steady- ing of prices. The arrivals today at the principal grain centers of the northwest were 500 cars lower than for the corresponding time last year. Dec. opened at 73 3/4 to 74 and sold at 74 1/4.

NEW

NINTH ANNUAL

Crow Banquet Held at
Ottawa Last Night

With Many Political Leaders Present From the Provinces.

A LENGTHY PROGRAM

Included Responses From Many Distinguished Partisans.

Prosecutor David Went After More Anti-Standard Notoriety.

Ottawa, O., Nov. 20.—The ninth annual crow banquet held here last night was the greatest of all banquets. Three hundred enjoyed the bounteous feast spread before them as well as the toasts responded to by the most eminent speakers of Ohio. The two leading parties of the state were represented by the leading politicians from all parts of Ohio. Invitations were sent to cities in every county; telegrams of regret were received from Governor Harris and a great many others.

Judge Ogan responded to the toast "Crow Courtesies." Sam A. Hoskins, of Wapakoneta, responded to the toast "What of the Future?" He spoke of the success of the republican and democratic parties in Ohio, and of the strife in the ranks of the republican party. He said that Foraker, who has control at present, would also dictate to the next republican convention in 1908, although he clings to the old ideas.

C. J. Thompson, of Defiance, spoke on "A Worker, no Talker." H. L. Conn, of Van Wert, on "Get Out the Vote." Ralph Cole, of Findlay, congressman of the Ninth district, responded to the toast "Cuba," and Judge Bailey, of Ottawa, "Duties of Courts." Brigham Young, of Ada, responded to "Anything to Win." T. T. Ansberry, Defiance, "Duties of a Congressman." Judge Mathews, on "Courts Have no Politics." General Sherwood, of Toledo, "Soldiers Old and Young." Frank L. Holland, of Toledo, "Republicanism." Wm. L. David, of Findlay, prosecutor of Hancock county, "The Last Chance" confining his talk to Standard Oil; W. B. Ritchie, of Lima, "Democracy." The 300 persons attending gave vent to their appreciations by continually cheering every speaker.

BOWDLE BLOCK SOLD

Important Real Estate Deal

Closed by Broker R.

E. Davis.

MEMBER OF THE FIRM

Of Hawisher Bros. Purchases the Property For \$20,500.

A real estate deal of considerable importance has been closed by real estate broker R. E. Davis, disposing of the Bowdle block and the lot it occupies, situated near the southwest corner of the public square and occupied by the Van Gunten music store and the Lima Tea company store, on the ground floor.

The property was sold by its late owner, Mr. Milton W. Bowdle, a well known resident of the county, to H. A. Hawisher, of the firm of Hawisher Bros., and will eventually become the location of the Hawisher grocery and provision store. The sale includes the present three-story brick block which stands on the lot and has a frontage on the public square of 34 feet. The consideration paid by Mr. Hawisher was \$20,500.

Tomatoes, pens and corn, 3 cans for 25 cents at Dorsey's.

CRITICAL

Is the Condition of Mr. C. Parmenter.

The many friends of Mr. C. Parmenter, the veteran editor, will be grieved to know that he is lying in a critical condition at his home on west High street, suffering from the effects of an accident that befel him last week when he was run down by a reckless bicycle rider. For a short time following the injury the family of Mr. Parmenter were led to believe that he would recover from the effects of his injuries, but this morning his condition was so critical that his children residing in other towns were summoned to his bedside. The attending physicians gives no hope that the veteran journalist will rally, but think that the end is near.

A CARD FROM MR. EASTMAN.

Lima, O., Nov. 20, 1906.

Editor Times-Democrat, City: Dear Sir:—The Republican-Gazette of this morning in its report of the council proceedings of last night's meeting said: "A motion was made by Mr. Craig that the mayor's veto be laid on the table, and the motion was seconded by Mr. Odell. Mr. Collins then appealed to the chair and stated that no action was necessary, a question from him to the solicitors on the matter was answered by City Solicitor Eastman, saying: "We don't care for the legality of the proceedings, we want to fix it so we can take it up again."

This report is an untruth. When I was asked if any action was necessary, I said, "No." This probably is not important, but it would be unbecoming for a city solicitor to say we do not care for the legality of a proceeding.

SPECIAL SALE ON COATS

Never in the history of Lima have we done such a cloak business. We have extra sales ladies and still not enough at times to wait on the trade.

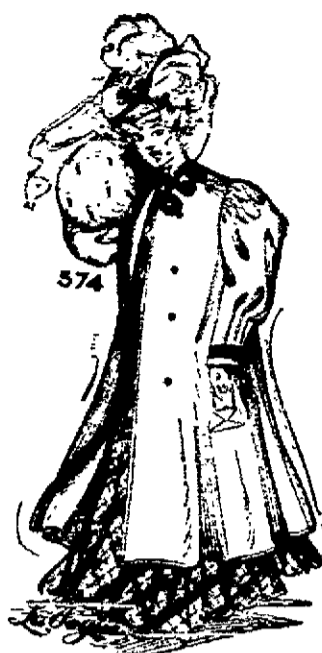

This great volume of business did not come to us by accident, but it was actually earned against odds because we are constantly showing the most beautiful styles that it is possible to obtain and we have given the most extraordinary values.

For this sale we have just received some wonderful styles.

Full 50 inch long black coats, elegantly tailored, full satin lined, trimmed in good quality braid, special value at \$10.00.

Ten styles of novelty coats in checks and plaids, very handsome half fitted and loose styles. They must be seen to see how beautiful they are. Several styles in black, satin lined throughout, fancy braid trimming, all 50 inches long, and are bargains at \$16.50. Our price for this week is \$12.50.

Extreme dress coats in black, red,

light blue, gray, black and fancies, elaborately trimmed, lined throughout with guaranteed satin. Very special prices this week, \$15.00, \$18.50 and \$22.50. It's a shame to see these coats sell at such prices, but we are determined to double our business this year and a continuation of our rush will do it.

About two weeks more of busy selling will about clean us up on our stock of children's coats, and we are going to give purchasers, this week, some surprising values. Just for fun, come in and see our bear skin, crushed velvet, plush chinchilla and novelty cloth coats. Caps to match nearly every style.

BIG YARN

It is very largely a yarn question in the underwear business. And no matter how finely knit or handsomely trimmed the garment may be, it doesn't amount to much unless the yarn is good. We discriminate against the showy, shoddy goods that are simply made to sell. Our underwear is good from the "yarn" up, and gives satisfaction after washing. That's the test. And the enormous business-tells us that our garments stand "the test." Don't make a mistake.

County Officials Going Over Requisitions For Supplies.

NOVEMBER WEDDINGS

Two Wives File Actions for Divorce on General Grounds.

Judge Mathers is Expected Here Tomorrow for Court.

With the first of the coming year and the reorganization of the fee system for officials to the rear, a new system of bookkeeping will be inaugurated all over the state.

Special forms have been provided and the various officials of Allen county are busied with the requisitions for supplies which will be needed for the coming year. It is a herculean task at best, and will require a long period before things get running smoothly.

Judge Mathers' Coming.

Though no further word has been received it is expected that Judge Mathers will come here tomorrow to hear the case in the common pleas court of James A. Guncheon vs. W. A. Miller, and all other matters which may require immediate attention from the bench. Judge Cunningham is still suffering much pain, and may be confined to his apartments for a week or two days. On Thursday another jury case is assigned, Mary Shuler vs. R. W. Mosier, et al.

South Side Baker Assigns.

Harvey H. Slater, who has conducted a bakery at 418 south Main street, has filed a deed of assignment to M. J. Sanford covering all his business property. No schedule of indebtedness has as yet been recorded.

Two Wives Seek Divorce. Two wives, both alleging the same

causes of action, have filed pleadings in the common pleas court, through their attorney R. L. Armstrong. Mrs. Elizabeth C. Shingledecker seeks a decree from her husband Albert M., whom she married at Ohio City, Van Wert county, one son, a lad of five years being born to the union. She alleges gross neglect through idleness, dissipation and failure to provide, and asks custody of the child.

Mrs. Lillian E. Hughes has filed her pleadings against Harry M. Hughes, to whom she was wed Sept. 1, 1901. She names gross neglect of duty through idleness, dissipation and failure to provide home, clothing or food.

After Five Days. Sarah Gullion, after spending five days in the county jail under sentence from the mayor's court, was released this morning.

In Commissioner's Office. The state examiners have concluded their work in the treasurer's office, and have started the examining of records in the auditor's office today.

Judge Hutchison returns. Probate Judge John N. Hutchison is back at his desk after a period spent in the hills of Monroe county hunting rabbits. "We got some," said the judge when queried as to the bunnies he brought back. No one has been presented with any of the "some" and there are several who doubt the general court's bland statement as to his marksmanship.

Marriage Licenses.

Marriage licenses were issued today to Charles F. Fifer, 24, of Delphos, and Bertha Counsellor, 17, of Lima. Thomas F. O'Connell, 21, and Elizabeth M. Roberts, 20, both of Lima. W. E. Van Norman, 30, and Mary L. Dixon, 34, both of Lima. Norrie Fisher, 29, and Anna Heibling, 23, both of Lima.

TO QUIT STANDARD

Derrick Forecasts the Retirement of Martin Moran.

WITH TEXAS COMPANY

In the New Enterprise to Build Pipe Line to the Gulf.

According to dispatches from Tulsa, I. T. to the Oil City Derrick, Martin Moran, the former assistant superintendent of the Buckeye Pipe Line company, who was only a few months ago advanced to the Illinois field, as to quit the Standard or rather the Ohio Oil company.

Moran is an old-timer in this field, and has been with the Buckeye almost since its making headquarters here. He came to Lima from Wood county and was first field assistant to the late D. J. O'Day. On the opening of the Illinois field he was placed in active charge, and when the field became of such mammoth proportions, it was separated from the local offices and headquarters opened at Marshall, with Moran sent there as general superintendent.

According to the Tulsa dispatch which is very good authority Moran is to take charge in the field for the Texas company, a recent organization of easterners who propose to build a pipe line to the gulf. Whether or not the project is a standard enterprise is not known, but the promotion of Moran comes as good news to his many friends who are legion here.
